Easy & Save Install

CABLE **BASKET TRAY**

INNOVATION PRODUCT makes your work easy faster and save cost

MANAGEMENT SYSTEM

ULTRA LIGHT

Light weigh concept - Only 20 % of the normal cable tray

**QUICK
INSTALL**

Fastest Installation, at least 10 times faster than normal cable tray

**NEAT &
PROFESSIONAL**

Design and produce with the best technology in Europe, Best quality in every pieces

TOP STANDARD

Certified by many worldwide standard and certification.

**LOWER LABOR
COST**

Less labor cost , Save your installation cost, time and unnecessary cost.

**FREE FORM
INSTALLATION**

Free form installation with your design and imagination with simple cutting tool. No need extra tool at site.

**DURABLE
STRONG**

Hi Voltage Welding makes BASOR very strong. Each cross junction is stronger than 500 KG/point

**UNIVERSAL
MATERIAL**

Complete Range of Supply with various material - Electrozinc, Hot Dipped Galvanized, Stainless Steel 304, 316

**HILOAD
CAPACITY**

Light Structure but HI load-weigh carry. Can carry a lot of cable with its strongness

SAFETY

No sharp point, edge. It's safety for cable and workman during installation

**MADE IN
EUROPE**

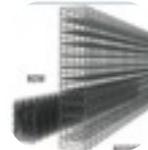

All product is made in Valencia, Spain with Top European Quality Control

FIRE RESISTANCE

Fire Resistance Approval Certificate - Can withstand Fire Acc to DIN 4102-12 E90. the most tough testing by Germany

**STACKABLE
SAFE SPACE**

Stackable, PATENT by BASOR. Save space in storage and delivery.

**EASY TO
TRANSPORT**

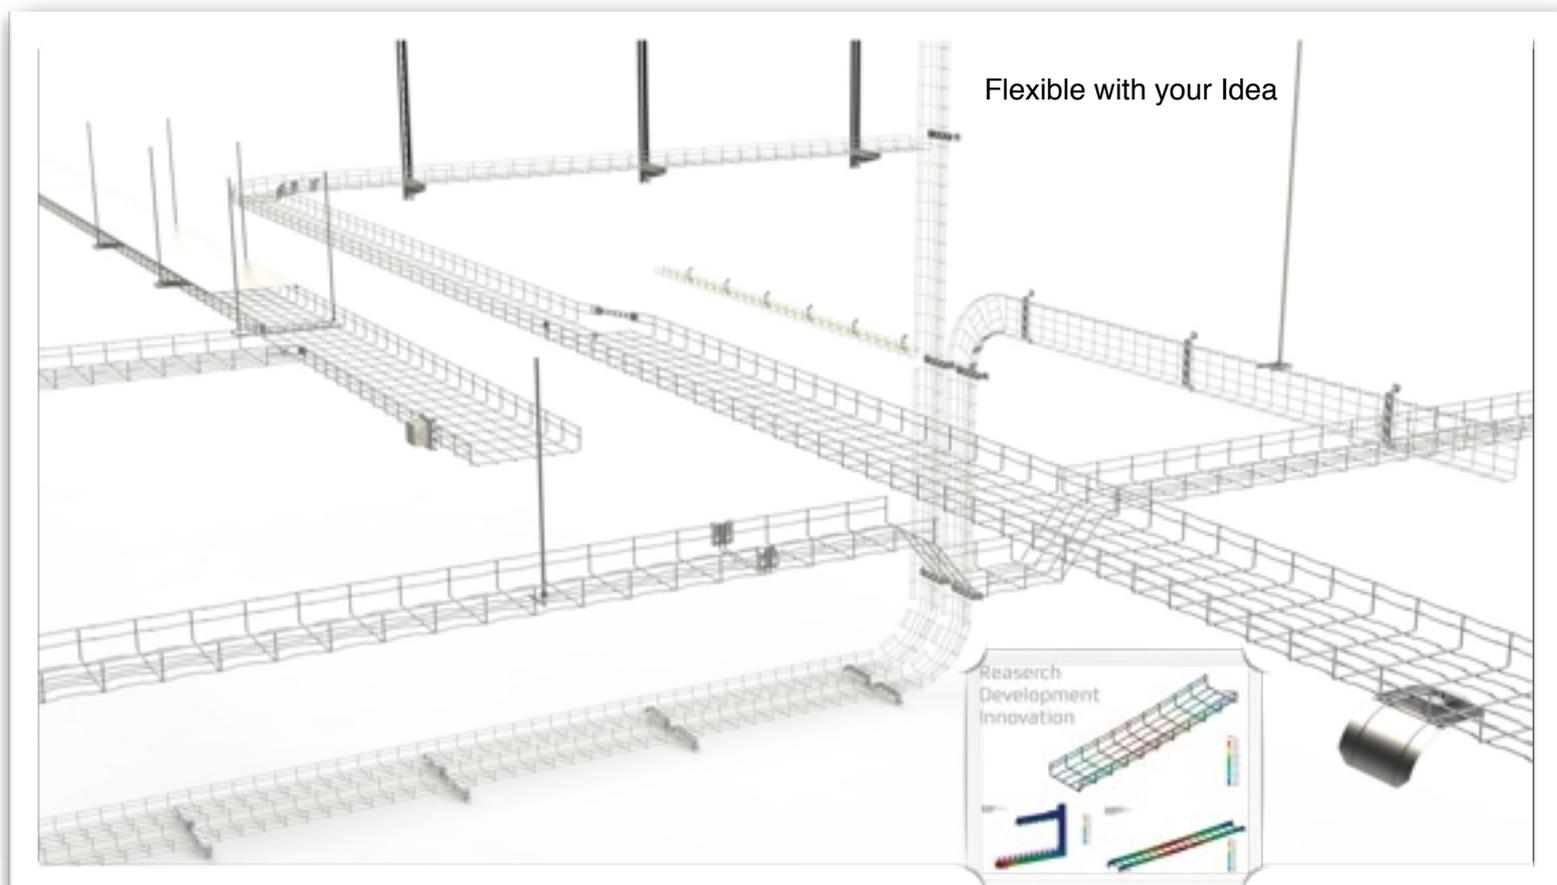

Easy to deliver with less space and lighter weigh

Energy³ E-BFR

- Stackable less storage space
- Save transportation cost
- Light weigh easy to install
- With fast connector (4 sec)
- Hi Load capacity
- Cable tied easily
- Dustless Clean Hygienic
- Easy Cable Maintenance

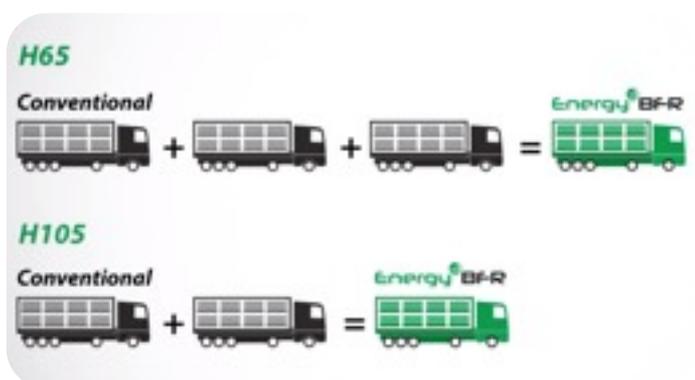

Stackable Wire-Mesh Cable Trays

รางสายไฟ วางซ้อนได้

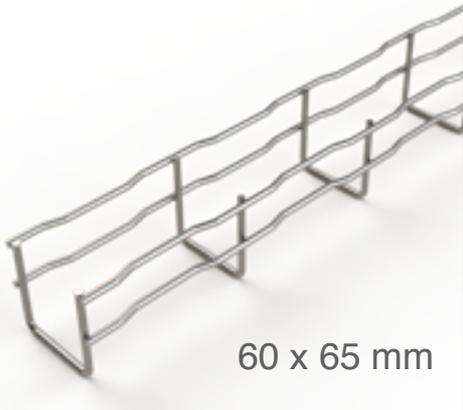

Save Storage space
the patent by Basor - Stackable Basket tray

Save Transportation Cost
the patent by Basor = Stackable Basket Tray

Hanging Span 1.5 m

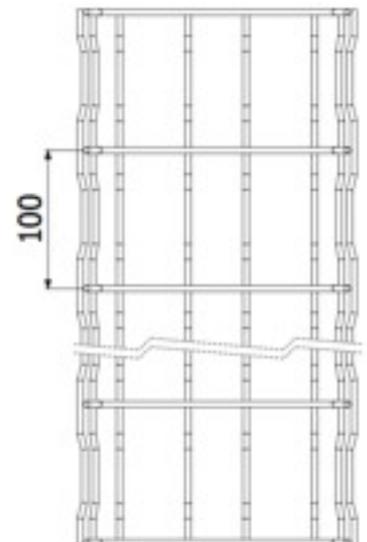

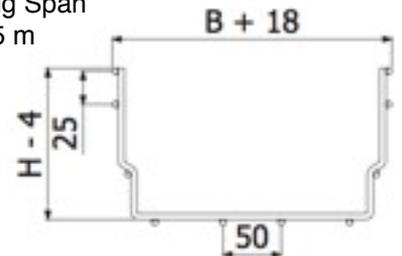

Height 65 mm

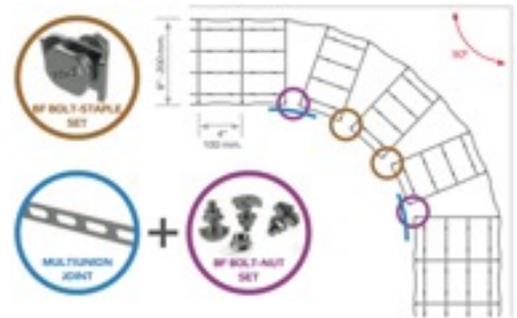

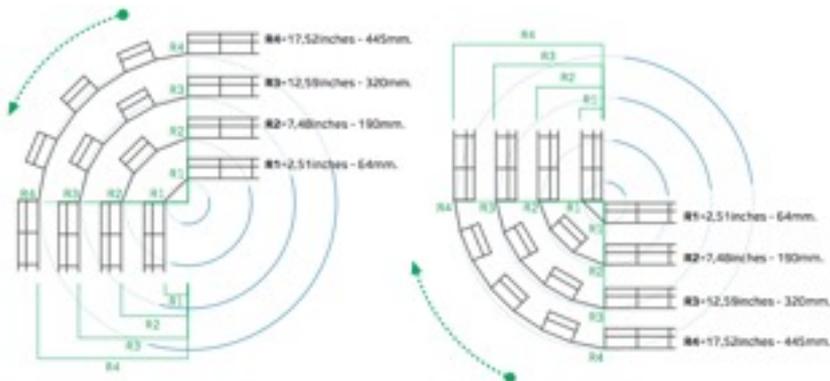

No Sharp Edge

Joint by Resistance Melting - Single Solid Piece - Strong

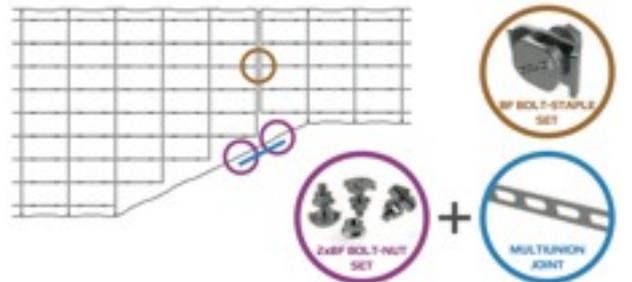

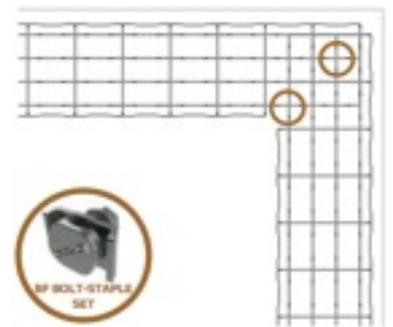

Height 105 mm

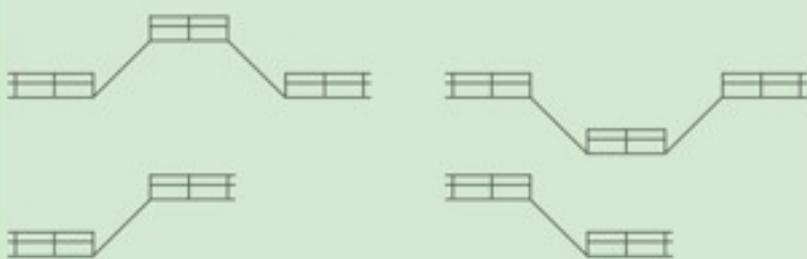

NO NEED SPECIAL PART - All is from Simple Piece

**Design By You
Cut By You**

BASORFIL GIVES YOU MANY POSSIBILITIES

Only Easy Cutting Tools needed

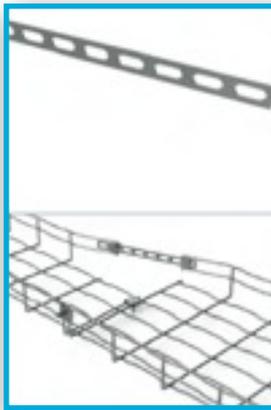

Standard Accessories - All you need is only 3 parts

CG BF
Tray Connector
 EZ - 2/4364
 GC - 2/4360

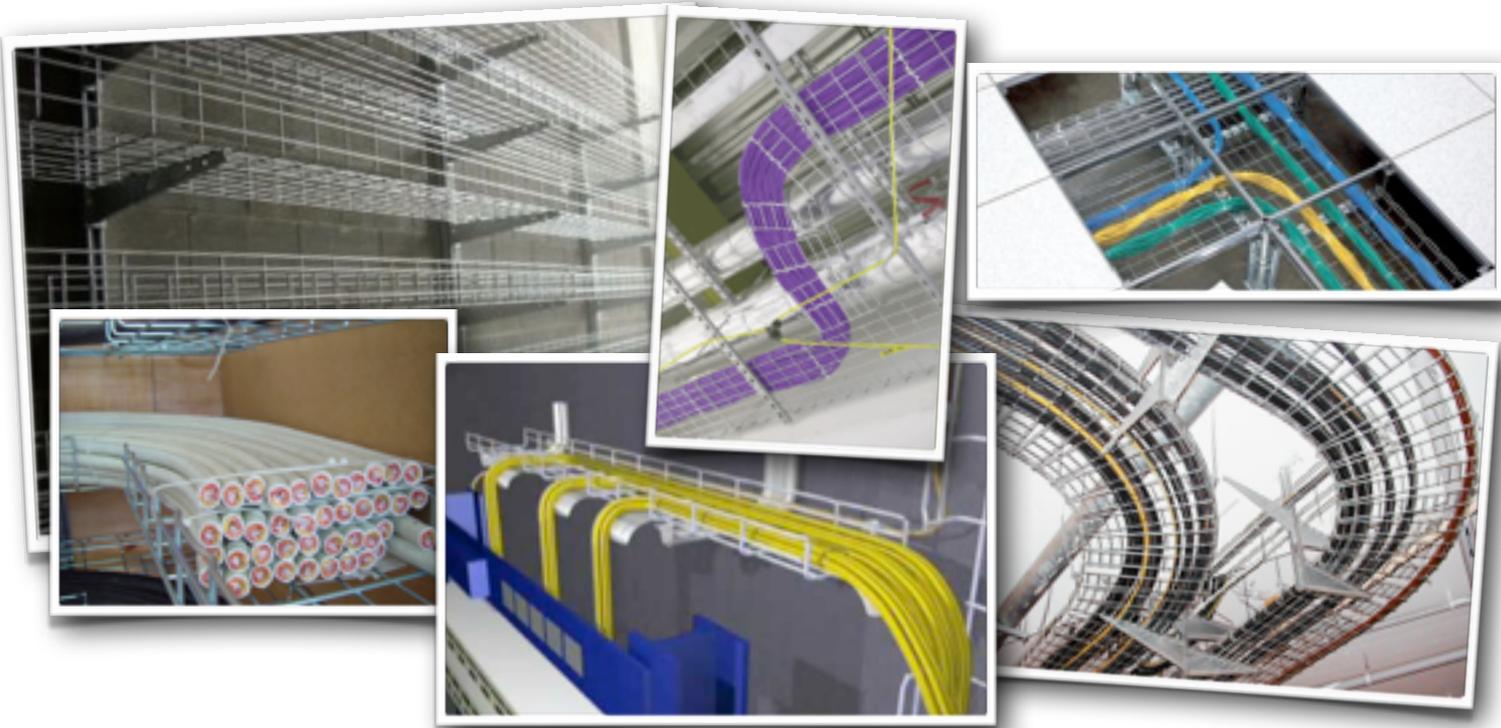

CT BF
Tray Screw
 EZ - 2/4362
 GC - 2/7132

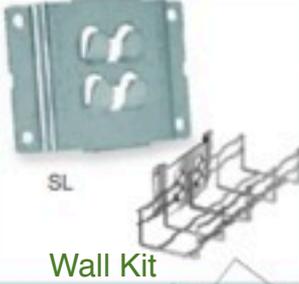

MU
Connecting Tab
 EZ - 2/0357
 GC - 2/035X

*All Shape could be made with these 3 Accessories..
 You dont need anything else..
 So it's so easy*
